REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The applicants claim a two-layer structure comprising a layer of fluoroelastomer and a layer of siloxane. These types of structures are known, and often used in the fuser roller art (3,967,042 or 5,720,703); however, the prior art fails to teach the claimed compositions. Additionally, the examiner reviewed the EPO application for the instant application and the search report contained therein only lists "A" references.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to D. Lawrence Tarazano whose telephone number is (571)-272-1515. The examiner can normally be reached on 8:30 to 6:00 (off every other Friday).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Carol Chaney can be reached on (571)-272-1284. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
